■ Why Sierra

† Agent platform product experience. Led 3D platform features (avatars, explorable spaces, auth) for Alo, Moncler, Ralph Lauren at Obsess, and set long-term SaaS + SOC2 strategy.

† I build what I spec. CreateSuite is a working multi-agent orchestration system I designed and built – convoy task grouping, mailbox, persistence, 6 providers.

† Enterprise scale + reliability instinct. Rebuilt systems serving billions of requests; I sweat reliability, access, and the long tail of enterprise needs.
