Hiring Team at Bain & Company

I am applying for the Expert Manager, Product Management & Innovation role (New York, NY).

My pitch for this role is simple: I'm a product PM who has driven subscription growth at scale. Pioneered NLP-driven AI content partnerships at Arkadium, driving \$1M+ projected annual revenue contribution.

WHY I AM A STRONG FIT:

- Bain & Company is building Bains AI/innovation practice; building internal & client-facing AI products and tools (Bain AI... — and my shipped work maps to it.: See [experience.ts](#) (LBR/Obsess/Manatt/Arkadium) for adjacent work.
- breadth across AI/agents, platforms, security and document-AI as proof Alex can advise on diverse product problems: Took a legal-publishing SaaS from beta to millions in ARR with enterprise-grade data governance at Manatt.
- Ive shipped the work this role calls for — including: Built the type-safe AI API workspace with self-improving usage accuracy at LBR.

A FEW SHIPPED REFERENCE POINTS:

- Took a legal-publishing SaaS from beta to millions in ARR with enterprise-grade data governance at Manatt.
- Set the multi-year SaaS platform strategy for enterprise brand deployments at Obsess.
