COVER LETTER · LEGORA · HEAD OF AI TRUST & SAFETY PRODUCT MANAGER · REMOTE

---

## Hiring Team at Legora

I am applying for the Head of AI Trust & Safety Product Manager role (Remote).

My pitch for this role is simple: I'm a hands-on PM who has shipped production multi-agent systems. Built NextDocsSearch with OpenAI embeddings served from pgvector in Supabase.

### WHY I AM A STRONG FIT:

- Legora is building AI agents, document AI, identity, platform PM, enterprise SaaS, developer tools — my relevant shipped work: Created CreateSuite: an autonomous multi-agent orchestration platform with git-backed persistence across 6 model providers.
- document-AI for legal/professional-services workflows (Manatt) plus agent product depth (Obsess): Led the 3D experience platform at Obsess — avatars, analytics, SOC2 — shipping for global enterprise brands.
- Ive shipped the work this role calls for — including: Set the multi-year SaaS platform strategy for enterprise brand deployments at Obsess.

### A FEW SHIPPED REFERENCE POINTS:

- Created CreateSuite: an autonomous multi-agent orchestration platform with git-backed persistence across 6 model providers.
- Built an inter-agent mailbox for cross-agent communication, modeled on git-style storage.
- Led the 3D experience platform at Obsess — avatars, analytics, SOC2 — shipping for global enterprise brands.

Packet (résumé, cover letter, and a 30-second role pitch): [welc.ing/r/pkt-135znrp](https://welc.ing/r/pkt-135znrp)

I would welcome the opportunity to discuss how I can contribute quickly, operate with high autonomy, and ship for this team.

Best regards,  
Alex Welcing
