## Hiring Team at Thresh Consulting

I am applying for the Senior Product Manager role (New York City Metropolitan Area).

My pitch for this role is simple: I'm a product PM who has driven subscription growth at scale. Shipped High Era as a single-operator production platform on GCP — content generation, workflow engine, analytics.

### WHY I AM A STRONG FIT:

- Thresh Consulting is building Uses AI-powered workflows to accelerate product design/build/delivery for client engagements — my relevant shipped work: Pioneered NLP-driven AI content partnerships at Arkadium, driving \$1M+ projected annual revenue contribution.
- breadth across AI, platforms, and document: Took a legal-publishing SaaS from beta to millions in ARR with enterprise-grade data governance at Manatt.
- Ive shipped the work this role calls for — including: Set the multi-year SaaS platform strategy for enterprise brand deployments at Obsess.

### A FEW SHIPPED REFERENCE POINTS:

- Took a legal-publishing SaaS from beta to millions in ARR with enterprise-grade data governance at Manatt.
- Set the multi-year SaaS platform strategy for enterprise brand deployments at Obsess.

I would welcome the opportunity to discuss how I can contribute quickly, operate with high autonomy, and ship for this team.
