Hiring Team at Anthropic

I am applying for the Account Executive, Public Sector role (Sydney, Australia).

My pitch for this role is simple: I'm a technical PM with 12+ years across AI, identity, and platforms. I've shipped AI, platform, and identity products end-to-end across multiple regulated and consumer companies.

WHY I AM A STRONG FIT:

- Anthropic is building AI agents, document AI, identity — my relevant shipped work: Created CreateSuite: an autonomous multi-agent orchestration platform with git-backed persistence across 6 model providers.
- the resume for Anthropic using Alex's AI-agents / identity / document-AI / platform PM narrative: Re-platformed the identity & subscription system handling billions of monthly requests across 10+ products.
- Discovered via Greenhouse public board; domain-adjacent AI PM role at Anthropic: Unified access models across legacy and new product surfaces, unlocking new revenue.

A FEW SHIPPED REFERENCE POINTS:

- Re-platformed the identity & subscription system handling billions of monthly requests across 10+ products.
- Unified access models across legacy and new product surfaces, unlocking new revenue.
- Shipped a type-safe AI API workspace (oRPC) with self-improving accuracy.

Packet (résumé, cover letter, and a 30-second role pitch): welc.ing/r/pkt-1a43cyf

I would welcome the opportunity to discuss how I can contribute quickly, operate with high autonomy, and ship for this team.

Best regards,
Alex Welcing
