COVER LETTER · EXECUTIVE TALENT SOLUTIONS · SENIOR FINTECH PRODUCT MANAGER/STRATEGIST · NEW YORK

Hiring Team at Executive Talent Solutions

I am applying for the Senior Fintech Product Manager/Strategist role (New York City Metropolitan Area).

My pitch for this role is simple: I'm a technical PM with 12+ years across AI, identity, and platforms. I've shipped AI, platform, and identity products end-to-end across multiple regulated and consumer companies.

WHY I AM A STRONG FIT:

- Executive Talent Solutions is building N/A (underlying client role is fintech product) — and my shipped work maps to it.: See experience.ts (LBR/Obsess/Manatt/Arkadium) for adjacent work.
- Treat the recruiter as an intelligence source: Unified access models across legacy and new product surfaces, unlocking new revenue.
- Ive shipped the work this role calls for — including: Took a legal-publishing SaaS from beta to millions in ARR with enterprise-grade data governance at Manatt.

A FEW SHIPPED REFERENCE POINTS:

- Staffing/recruiting intermediary (NOT the hiring employer)

Packet (résumé, cover letter, and a 30-second role pitch): welc.ing/r/pkt-1te1llt

I would welcome the opportunity to discuss how I can contribute quickly, operate with high autonomy, and ship for this team.

Best regards,
Alex Welcing
