| —Created CreateSuite: an autonomous multi-agent orchestration platform with git-backed persistence across 6 model providers.                                                                                                                          | —Built an inter-agent mailbox for cross-agent communication, modeled on git-style storage.                                                    | —Led the 3D experience platform at Obsess — avatars, analytics, SOC2 — shipping for global enterprise brands.                                                    |

## EXPERIENCE

**Law Business Research** Jan 2024 – Jun 2026  
**Technical Product Manager — Identity & Platform**

- Re-platformed the identity & subscription system handling billions of requests/mo, unifying access across 10+ products and unlocking new revenue.
- Shipped a type-safe AI API workspace (oRPC) with self-improving accuracy, and ran SSO / SAML / OIDC onboarding for 150+ AmLaw 200 firms.

**Obsess VR** Apr 2022 – May 2023  
**Product Manager**

- Led the 3D experience platform — avatars, analytics, SOC 2 — shipping for Alo, Moncler, and Ralph Lauren.
- Set the multi-year SaaS platform strategy for enterprise brand deployments.

**Manatt, Phelps & Phillips** Aug 2017 – Apr 2022  
**Developer / Consultant**

- Took a legal-publishing SaaS from beta to millions in ARR with enterprise-grade data governance.
- Built AI-based document scanning and led IAM for a research platform serving 1,000+ clients.

**Arkadium** Jul 2016 – Aug 2017  
**Partner Development**

- Pioneered NLP-driven AI content partnerships, cutting go-to-market time 25%.
- Drove cross-platform adoption with contextual, data-informed content systems.

## CAPABILITIES

|                                                                                                                                                                                                                        |                                                                                                                                                                                                   |
