COVER LETTER · GRADIAL · FORWARD DEPLOYED PRODUCT MANAGER · NEW YORK, NY

Hiring Team at Gradial

I am applying for the Forward Deployed Product Manager role (New York, NY).

My pitch for this role is simple: I'm a hands-on PM who translates customer workflow pain into usable systems. I led enterprise 3D platform work at Obsess and have shipped AI/API tooling where adoption depends on trust, iteration, and implementation detail.

WHY I AM A STRONG FIT:

- Enterprise workflow platform PM: Led Obsess 3D platform for global brand deployments: avatars, analytics, and SOC 2.
- AI tooling with implementation depth: Shipped an oRPC AI API workspace with live introspection and accuracy feedback loops.
- High-trust customer deployment: Ran SSO, SAML, and OIDC onboarding for 150+ AmLaw 200 firms while owning platform outcomes.

A FEW SHIPPED REFERENCE POINTS:

- Enterprise platform work for Alo, Moncler, and Ralph Lauren at Obsess
- SSO/SAML/OIDC onboarding for 150+ AmLaw 200 firms
- 1000+ Lupine repo commits in 2026

Packet (résumé, cover letter, and a 30-second role pitch): welc.ing/r/pkt-7nad9c

I would welcome the opportunity to discuss how I can contribute quickly, operate with high autonomy, and ship for this team.

Best regards,
Alex Welcing
