Hiring Team at Justworks

I am applying for the Group Product Manager, Advisor Channel role (New York, NY).

My pitch for this role is simple: I'm a product PM who has driven subscription growth at scale. Pioneered NLP-driven AI content partnerships at Arkadium, driving \$1M+ projected annual revenue contribution.

WHY I AM A STRONG FIT:

- Justworks is building AI/automation in internal operations and product (Product Ops AI & Systems role); partner and... — and my shipped work maps to it.: See [experience.ts](#) (LBR/Obsess/Manatt/Arkadium) for adjacent work.
- subscription/user-growth wins and platform PM experience; frame partner channel as a growth surface he can scale: Set the multi-year SaaS platform strategy for enterprise brand deployments at Obsess.
- Ive shipped the work this role calls for — including: Built contextual, data-informed content systems that drove cross-platform adoption at Arkadium.

I would welcome the opportunity to discuss how I can contribute quickly, operate with high autonomy, and ship for this team.
