■ Why Stability AI

† If hands-on enough, lead with subscription/growth/lifecycle product wins; otherwise this skews engineering.. Arkadium subscription monetization, 0→1 product launches

† Mixed fit: Alex's subscription/user-growth strength is highly relevant, but 'Product Engineer' implies hands-on coding beyond a typical PM role.. Arkadium subscription monetization, 0→1 product launches

† I meet the bar on 'Growth/lifecycle product experience (activation, retention, monetization)' – the work itself is in my shipped portfolio.. Arkadium subscription monetization, 0→1 product launches
